

OYEYIPO AYOMIDE VICTOR

FULL-STACK SOFTWARE ENGINEER

Lagos, Nigeria | 07037323765 | vintech178@gmail.com | github.com/Vinijr175

PROFILE

Full-Stack Software Engineer building end-to-end software across frontend, backend, mobile applications, APIs, databases, and software systems. Comfortable moving from product interfaces to application logic, data, testing, and delivery, with a focus on clean structure, maintainable code, and reliable user experiences.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript, TypeScript, HTML, CSS
Backend: Node.js, Express, Java, Spring Boot, REST APIs
Mobile: React Native, cross-platform application development
Data: MySQL, SQL, MongoDB, PostgreSQL
Tooling: Git, GitHub, Docker, VS Code
Testing: JUnit, Vitest, debugging, unit testing

SELECTED PROJECTS

- AI Chatbot — Full-Stack AI Application** React · TypeScript · Node.js
- Built a full-stack chatbot with a React/TypeScript interface and an Express backend integrating OpenRouter while keeping API credentials server-side.
 - Implemented shared types, error handling and user feedback, plus unit testing with Vitest.
- Personal Finance Tracker — Full-Stack Application** React · Node.js · Express
- Built a finance tracking experience with a modular React/TypeScript frontend, REST API, persistence, responsive data visualizations and optimistic UI updates.
- Ravetix — Application Project** Next.js · React · Tailwind CSS
- Developed a modern Next.js application with React and Tailwind CSS, focused on structured component-based implementation and responsive interface work.
- Testamy-AI Projects — Team Contributor** Wemy Dialer · Testamy UI
- Assisted with development in shared team repositories, contributing within collaborative engineering workflows and team-owned codebases.

EXPERIENCE

- Software Engineering Intern — TESTAMY, Ketu, Lagos State** Current internship
- Assisted in developing and testing software applications, collaborated with team members on coding tasks, and supported debugging and implementation work.

EDUCATION

- Diploma in Software Engineering — NIIT Education & Training Centre, Ikorodu** Sep 2023 – Dec 2025

ADDITIONAL STRENGTHS

Problem-solving • Team collaboration • Communication • Time management • Adaptability • Continuous learning
